The Objective

I am a developer with three certifications in Python, Database Structures, and HTML5 Application development via Certiport - Pearson. Secured a strong academic background, having graduated with a 4.0 GPA from the College of Western Idaho. Over 2 years have been devoted to creating full-stack web applications, practicing data integration, and collaborating with design. There is an extreme level of passion for creating innovative and user-friendly solutions. These efforts drive an exceptionally high amount of activity in seeking out a challenging and rewarding position to learn new skills and evolve in both the solo and team setting.

Hard Skills

C#	Python	JavaScript ES5/ES6	SQL	HTML/CSS	Misc.
.NET MAUI	Pandas	React.js	SQL Server	Bootstrap	RESTful
Unity	CSV	Vue.js	T-SQL	TailwindCSS	Next.js
ASP.NET MVC	Excel	jQuery	SQLite3		NPM, git

The Experience

Software Development Tutor

College of Western Idaho

Nampa, ID

Jan. 2024 – May 2024

- ◆ Position offered through a recommendation by the 2nd year professor.
- ◆ Helped tutor a class of 19 students learn the fundamentals of C#/Windows Forms and web development using HTML5/CSS3.
- ◆ Skilled in collaborating with the teacher to find more effective ways to communicate concepts and code.

Web Designer

MindHome

Remote

May 2023 – Aug. 2023

- ◆ Collaborated with a team of 3 to create web layouts and creative designs through Figma and transferred to builder.io (standard HTML).
- ◆ Acquired methodical experience in the agile development cycle.
- ◆ Developed skill and knowledge in designing two core web pages, 'Service Home' and 'Smart Home', hosted on the official site: mindhome.co.

Freelance Wordpress Developer

Clearlight Infrared Saunas

Remote

Jan. 2023 – Jan. 2023

- ◆ Built an upload feature for users to submit their own measurements to the custom design team using JavaScript and HTML.
- ◆ Researched and implemented best practices for JavaScript development.
- ◆ Handled testing for the entire project and guaranteed 100% functionality.

Branch Manager

Final Mile Solar

Arlington, TX

Sept. 2019 – Jan. 2022

- ◆ Provided exemplary customer and client satisfaction through open communication and safety-first services handling solar panel deliveries.
- ◆ Obtained comprehensive experience in managing, training, warehousing, communication, DEI.
- ◆ Skilled in field training, planning, coordinating, and executing all aspects of the delivery process.

The Education

College of Western Idaho

Nampa, ID

A.A.S in Software Development | Summa Cum Laude

May 2024

- ◆ Client-Side Frameworks – Comprehensive application of client-side scripting tech and frameworks. Emphasis is placed on creating UI and connecting software components (ReactJS, VueJS, Vite, Svelte).
- ◆ Collaborative Development – Class introduction to formal test strategies, collaborative tools, and project management. Our capstone project was developed using modern scrum practices (Jira – project mgmt., ASP.NET MVC, SQL Server). I played the role of UI/UX designer that served as a color palette and layout standard across the website.
- ◆ Advanced Web App Development – Exploring dynamic websites focusing on e-commerce and server-side scripting (SQL Server, SQLite3, and ASP.NET Core MVC).

Cherry Creek High School

Greenwood Village, CO

Diploma

May 2011

- ◆ Elective course in AutoCAD.
- ◆ Team sports freshman year – soccer, right midfield.

Additional Skills | Achievements

- ◆ Advanced proficiency in operating Windows, MacOS, and iOS.
- ◆ OSHA certified (10 hours)
- ◆ Leadership
- ◆ UX/UI design
- ◆ County champions in soccer, California 2003
- ◆ Least dollar amount of damages recorded in 2021 during my management position at Final Mile Solar
- ◆ D, E, & I
- ◆ Web app development
- ◆ Project planning
- ◆ 1st place go-kart racing at manager’s retreat (2022)
